FULL STACK WEB DEVELOPER

Full Stack Web Developer with a background in Customer Service and a passion for acquiring new skills and knowledge. Committed to listening to a client's wants and needs and delivering results efficiently and effectively. Proficient working or leading a team and quickly able to adapt to find a solution to any problem. Prepared to grow and excel in solving problems and getting results.

TECHNICAL SKILLS

Languages: JavaScript, HTML/CSS, JSON, SQL, GraphQL
Database: MySQL, MongoDB,
Frameworks/Libraries: React.js, Redux, Express, Material UI, Bootstrap

PROJECTS

React Fest - https://github.com/MERNerds/react-fest | https://react-fest.herokuapp.com/
Mock music festival app where users can buy tickets and create their own schedule based on their favorite band's set times.
- Back-end developer for a team of 6. Focus on GraphQL database management and connecting to the front end. Integrated Stripe API to process payments for e-commerce functionality.
- Tools used: JavaScript, React, Redux, Material UI, Apollo Client, Stripe API, MondoDB, Express

Spoiler-Alert - github.com/rmartin1985/spoiler-alert | obscure-ravine-58128.herokuapp.com/
Message board application where users must be logged to read spoilers on a given movie/show.
- Led a team of 4 to create a full-stack web app to showcase our knowledge of front end and back production. Floated between both to ensure that the app met MVP by project due date.
- Tools used: JavaScript, Node.js, Sequelize, MySQL, Express.js, Handlebars, Bootstrap

Shop-Shop - github.com/rmartin1985/shop-shop |radiant-tundra-86540.herokuapp.com/
Single page web app that also stores data if the user is offline to enhance user experience.
- React application built first with Context API and then refactored to include Redux.
- Tools used: React, Redux, Apollo Client, Stripe API, IndexedDB

EXPERIENCE

Apartment Locator 2019 – Present **Apartment Hunters/Smart City** Austin, TX
Responsible for listening to client's requests for a new apartment and compiling a list that meets their personal and financial needs. Adapting to multiple personality types and requests and understanding how to deliver exactly what they are looking for and make the sale.
Key Accomplishments:
- Awarded Mr. Smart City in 2019 for demonstrating the highest level of company ethics and high customer service reviews.
- Generated over $100,000 in revenue for both companies each year.
- Multiple 5 star reviews and repeat clients

EDUCATION

Bootcamp Certificate in Full Stack Web Development   **University of Texas – Austin, TX**
A 24-week intensive program focused on gaining technical programming skills in JavaScript, SQL Databases, React, MongoDB, Express, Node.js, HTML, and CSS.
